With a focus on ensuring growers can continue doing what they love, Citrus Plus helps them continue to provide healthy, refreshing fruit, giving all customers a variety of fruit to fit their citrus program.

Pablo Mercado founded Citrus Plus in the 1990's to market small grower's fruits in Riverside county. After long nights filling out grower reports and overcoming the challenges in running a packing house, Citrus Plus became a major success, growing into Ventura, Tulare, and San Diego counties among many others. There is simply no comparison to the service and quality of their delicious California grown citrus fruits that they freshly wash, wax, and grad into citrus perfection.
