

We love supporting the healthy growth of children in our local communities.

Durango Packing, Inc. was founded in 1996 by a visionary farm worker with a passion for agriculture. Originally focusing on citrus packing, the company quickly gained recognition for its commitment to quality and innovation. Over the years, Durango Packing expanded its operations, diversifying into greenhouse vegetable cultivation, driven by a desire to meet the evolving needs of consumers and contribute to sustainable farming practices.

With a steadfast dedication to excellence and community, Durango Packing continues to thrive as a leader in the agricultural industry. From the top down, the entire company embraces tradition and hard work, consistently providing fresh, nutritious produce for their customers, their partners, and their friends.

With close to 30 years of growing fresh and delicious citrus fruits, Durango Packing is excited and honored to work with schools across Central California.
