

HARVEST OF THE MONTH

Carrots

Lay your eyes on these fun facts!

Not Always Orange??

The first carrots were purple, white, red, and yellow. Orange carrots only became popular a few hundred years ago.

Super Eyesight

Carrots are packed with vitamin A, which helps keep your eyes healthy and working their best.

Carrots are actually *ROOTS*!

The part we eat grows underground and stores energy for the plant, making carrots a tasty root vegetable.

GOLD STAR FOODS

Carrot Matchup!!

Look closely and see which two carrots are same. Be careful, only two are EXACTLY alike! When you've found the 'twins', you can color them all in!

Answer: 2 & 8 are exactly the same!
