

HARVEST OF THE MONTH

TOMATOES

Tasty drops of information

10,000 kinds?

There are more than 10,000 varieties of tomatoes coming in all shapes and sizes, and grown all over the world!

They're FRUIT?

Even though we eat them like vegetables, tomatoes are actually fruits because they grow from a flower and contain seeds.

A 10 lb Tomato?

The largest tomato weighed as much as a bowling ball and was much bigger than the tomatoes you find at the grocery store.
