

Sweetening up kids for more than 35 years

Family owned for more than 35 years,

Bee Sweet Citrus adheres to agricultural practices that ensure freshness and safety of our citrus at every stage of production. Because we believe that food safety begins at the grove, we've implemented a strict Good Agricultural Practices (GAP) program on all our farms that focuses on mitigating and eliminating potential food safety risks, while simultaneously helping our team achieve our goals in sustainability.

COMPANY snapshot
